# i900 Mobility

Introducing the Medit i900 Mobility (i900M). i900 Mobility brings true iPad-native scanning to dentistry. Experience the freedom to scan anytime, anywhere, without compromise.

## PLATFORM VERSATILITY

Use iPad, PC, or Web - whichever suits your clinic environment best.

## EXPERIENCE TRUE MOBILITY

Scan across multiple chairs, rooms, and even in pop-up clinics with true mobile flexibility.

## FAST SETUP, NO DOWNTIME

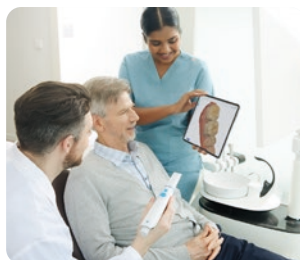

Open the app, start scanning. No OS updates or driver headaches. Move freely between setups. One scanner works everywhere.

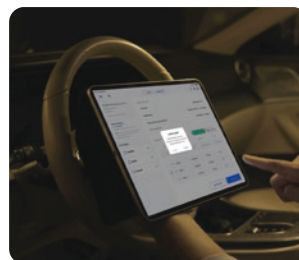

## Product Details

**Chairside scanning:** Move easily across operatories with just one device, deal for high-traffic clinics

**Real-Time Patient Communication:** Show 3D scans live with Medit Link Express and build trust instantly

**After-Hours Access:** Manage workflows, place orders, and review cases anytime, anywhere it's needed

**Instant Startups:** No booting, no loading screens. Launch and scan instantly
